3.1.3. We may cooperate with law enforcement agencies, in particular, by acting appropriately permitted by law, with any suspicion that you use tokens WWC or platform, or participate in the sale of WWC tokens, pursuing any criminal goals, including money laundering.

3.1.4. To prevent the use of WWC token or platforms for any criminal purposes, including money laundering and terrorist financing, we may require personal information from you. We may also request additional information at our sole discretion.

4. CREATION AND ISSUE OF WWC TOKENS WITH ON A SMART CONTRACT SYSTEM

4.1. WinWinCoin implemented a **smart contract system** on the blockchain Ethereum in order to receive contributions, create and issue WWC tokens for each customer’s Ethereum wallet from which the contribution will be received. WWC Tokens are ERC20 standard.

4.2. Purchase of WWC tokens is initiated by the buyer by transferring a certain amount in the cryptocurrency Ethereum (ETH) from its wallet address during the period of purchase of tokens through a smart contract published on the Ethereum network and available for viewing on the website (<https://etherscan.io/address/0x74a7efb3ef7492cfd038517de8c1056d4d3988cc>). The smart contract system will distribute WWC tokens to customers, as indicated in this document, only to the ETH wallet address of the user from whom the contribution was received.

4.3. Contributions are sent exclusively to the smart contract at the following address ([0x74a7EfB3eF7492cFd038517DE8c1056D4D3988cc](https://etherscan.io/address/0x74a7EfB3eF7492cFd038517DE8c1056D4D3988cc)). If anywhere else other than these Rules If the address of the smart contract is different from the address of the smart contract specified in these Rules, such third-party websites that offer to buy WWC tokens and organize the release of WWC tokens during public sale periods are unauthorized and do not have any legal or commercial relations to have a project WinWinCoin .

4.4. The smart contract system accepts payments only in the ETH cryptocurrency. The smart contract system will not accept fiat and other cryptocurrencies. Any buyer who sends contributions to any third-party site, wallet address or in any way does not comply with the conditions of the purchase of WWC tokens, risks losing all his contributions, and WinWinCoin project is not responsible for the restoration or return of these contributions to such a buyer. WinWinCoin is also not responsible for any losses incurred by the buyer as a result of such erroneous contributions.

4.5. To receive WWC tokens, the buyer must specify the address of the user's ETH wallet, to which WWC tokens will be credited after payment. Payment is accepted only in the ETH cryptocurrency from the user's ETH wallet address specified by the user in the WinWinCoin investor's office. The user will have to pay only to the address of the smart contract specified in this document (*0x74a7EfB3eF7492cFd038517DE8c1056D4D3988cc*), indicating the number of WWC tokens that the smart contract will credit to the address of the user's ETH wallet. Payment of tokens is possible only through **Metamask** and others crypto wallets which are supported on the WinWinCoin.io website (supporting ERC20 token standard). WWC tokens will not be transferred to buyers who transferred ETH from Exchange wallets (system smart contract and will automatically transfer tokens WWC to the address of the wallet from which payment was made. Also, if the address of the purse ETH specified by the user in your WinWinCoin account different from the address of the wallet from which the payment was made, then the tokens WWC will not be credited to the User) . We reserve the right to implement additional conditions relating to the specific requirements of the wallet, at any time and at our discretion. WWC tokens can be purchased only by following the procedures outlined in these Rules and on the official project website <https://winwincoin.io/>

4.6. Subject to the provisions of clauses 5.5, 5.6 and all other conditions set forth in this document, the WWC tokens will be transferred by the smart contract system automatically from the moment of payment, by transferring the WWC tokens to the ETH wallet address of the user from which payment made.

4.7. After the WinWinCoin project receives user deposit in the form of transferred funds to a smart contract, it immediately becomes the exclusive property of the WinWinCoin project, which has the right to use this contribution to the development of the WinWinCoin platform and use it for other operating expenses related to business. The use of user input is determined at the discretion of the WinWinCoin project, according to the Whitepaper of the project and who is not obliged to inform users about how their input is used, or to make any other explanation related to this contribution.

5. REFUNDS, REJECTION AND TERMINATION OF CONTRIBUTIONS

5.1. We reserve the right, at our discretion, to refuse or reject any contributions made at any time. If we refuse contributions, we will make every effort to return this contribution to the address of the wallet from which the payment was made, or to the address you specified in the WinWinCoin.io website account, if the payment was made using another cryptocurrency. In spite of everything, we do not provide any guarantees that we will be able to successfully restore and return any such contributions.

5.2. In accordance with clause 6.1 and except as required by applicable law, all contributions received by WinWinCoin in accordance with these rules are final, and buyers are not entitled to demand any return of contributions from WinWinCoin.

5.3. All purchases of tokens are final. Purchase of tokens is non-refundable. The buyer of the tokens should be aware that neither the company, nor any of its partners, directors or shareholders are obliged to return the invested funds to the buyer.
